Wild Energy, the Leader in Electrical Sub Metering for RV Campgrounds Announces Availability of New Self Service Portal

The Web Portal Enables Campers Access to Detailed Electrical Meter Usage

Sarasota Florida— 5/3/2022 —Wild Energy, the Leader in Electrical Sub Metering for RV Campgrounds announced immediate availability of a self-service web portal enabling campers to plug in their meter number and gain detailed electric usage data for their meter.

“Providing transparent visibility to the consumer’s use of electricity encourages energy conservation and insight to energy costs,” said Mike Sorensen, President of Wild Energy. The new portal website is accessible at CheckTheMeter.com.

The screenshot displays the Wild Energy self-service portal interface. At the top, there is a green header with the Wild Energy logo. Below the header, a form prompts the user to enter their meter number (95181124) and includes a reCAPTCHA verification step. The main content area is titled "Meter Summary" and provides the following information:

- Location: 95181124
- Site: Portable IT Cabinet Meter
- Status: Normal
- Data as of: May 02, 2022 05:12 PM
- Current Reading: 1595

Below the summary is a section for "Usage History (30 most recent readings)" which contains a table with the following data:

Date & Time	Reading
May 02, 2022 04:46 PM	1595
May 02, 2022 01:58 PM	1594
May 02, 2022 11:08 AM	1593
May 02, 2022 08:18 AM	1592
May 02, 2022 05:27 AM	1591
May 02, 2022 02:37 AM	1590

Positive Customer Impact

“The portal enables campers to check on consumption from any computer, smartphone, or tablet. This feature was a top request of our customers and has received a very positive response from customers.” said Mike Sorensen, “By providing this transparency to consumer, we expect it to reduce the number of consumer calls to campground management and staff.”

Product Availability

The portal provides Realtime data on power consumption placing the consumer in control of their own energy consumption and is available today.
